Dear Colleague,

Thank you for expressing an interest in the Teacher post at Throckley Primary School. Although this post is fixed term in the first instance, we believe that it may be required in the longer term.

In addition to the information you will find on the school website, you may find the following useful as an indicator of the school's journey so far and our vision for the future.

- Throckley Primary is a larger than average primary school based in the Outer West of Newcastle, almost on the boundary with Northumberland.
- The school was graded outstanding in all areas in our January 205 Ofsted report. This wonderful achievement is the result of a continuous drive for improvement, where the whole school community strives to raise standards and deliver the best quality of education to our pupils.
- We are looking for energetic, creative and passionate practitioners, willing to engage with the most up to date evidence around teaching and learning; and willing to share expertise while continuing to develop their pedagogy to further strengthen our team and continue our success.
- We are a PFI school. The building was initially planned as a middle school but was specially converted to meet the requirements of younger children. The learning environment and facilities that we offer are exceptional.
- We are involved in an extensive range of external developments and partnerships:
  - We are proud to have staff on local delivery teams for the National Professional Qualification (NPQ) in Leading Teaching; the NPQ in Leading Teacher Development; and the NPQ in Behaviour and Culture. Additionally, members of the Throckley team support the delivery of the ECF programme by facilitating training for both Early Careers Teachers, and mentors, supporting the work of an approved local ECF delivery partner. We are actively involved in Initial Teacher Training and continuing professional development. This thriving team has a wealth of experience and expertise which both newly qualified and more experienced practitioners will undoubtedly both benefit from and contribute to.
  - We pride ourselves in being an evidence-informed school; staff development is central to our practice. A number of staff are currently studying towards National Professional Qualifications, all of which have an impact on wider staff development and, in turn, pupil outcomes.
  - We are a Behaviour Hub lead school and this programme gives us an excellent opportunity to share our exemplary behaviour culture and practices with other schools regionally and nationally.
